Thank you for contacting Sharp Nutrition LLC! If you are planning to utilize insurance, please refer to the information below to ensure you have coverage for registered dietitian visits. My being in-network with your insurance carrier does not guarantee that your specific plan covers our visit.

I suggest calling your member number (typically located on the back of your insurance card) and asking specifically about:

1. Do you have coverage for a nutrition consult (billed as CPT 97802 [initial visit] or 97803 [follow up])?
2. What specific diagnoses are covered (ask for specific ICD-10 codes [weight loss, diabetes, etc. all have different codes])?
 - a. Note: Some plans only cover nutrition for diabetes and/or eating disorders
3. Do I have any nutrition counseling benefits covered under the preventative care portion of my plan? (ICD-10 code Z71.3)
4. Do you need a physician referral for insurance to cover your visit?
5. Do you have a co-pay or co-insurance and how much is your specialty copay visit amount?
6. Do you have a deductible to meet before insurance pays?
7. What is the name of the representative I spoke with, date and reference number?

Once you have this information, please let Sharp Nutrition know what you have learned. If you do not have coverage, I have self-pay options. I will take care of all of the insurance billing.

I appreciate you taking the time to determine your coverage. This will save us both a lot of time and should keep you from getting any surprise bills.

If you need further help determining your coverage, please let me know!

Sincerely,
Kari Sharp, MS, RD
